1 Introduction

To write a fraction in LaTeX, you type `\frac{}{}`. Or to write a **for** loop, use write code like this:

```
for num in range(1,40):
    print(num ** 2)
```

2 Section 1

THis is some text bla bla for section 1.
THis is some text bla bla for section 2.
We have the integral

$$\int_5^\infty \frac{1}{x^2}$$

converges.
I like many fruits e.g. apples, pineapples,...
